

## Line 2 closed – Pape to St George stations

### Parking restrictions to speed transit and traffic on Danforth and Bloor

**Date:** August 13 and 14, 2016

Timeline/content accurate at time of printing

#### Work description and purpose

Subway service will be suspended between Pape and St George stations on August 13 and 14 for TTC maintenance work on the Prince Edward Viaduct. This work is essential to provide long term subway reliability.

Shuttle buses will operate between Pape and St George station during the closure. Regular subway service resumes on Monday, August 15 at 6 a.m. The next subway closure between these two stations is scheduled for the weekend of September 3 to 5.

#### Parking restrictions on Danforth and Bloor over the weekend

During this weekend subway closure, TTC in coordination with City Transportation will be temporarily restricting on-street parking on Danforth Avenue and Bloor Street to keep transit and vehicular traffic moving as fast as possible for TTC customers and all road users.

During the June 12 subway closure between Pape and St George stations, on-street parking was restricted on Danforth Avenue and Bloor Street. Travel times for TTC customers were reduced by up to 44% compared to the previous subway closure on June 4.

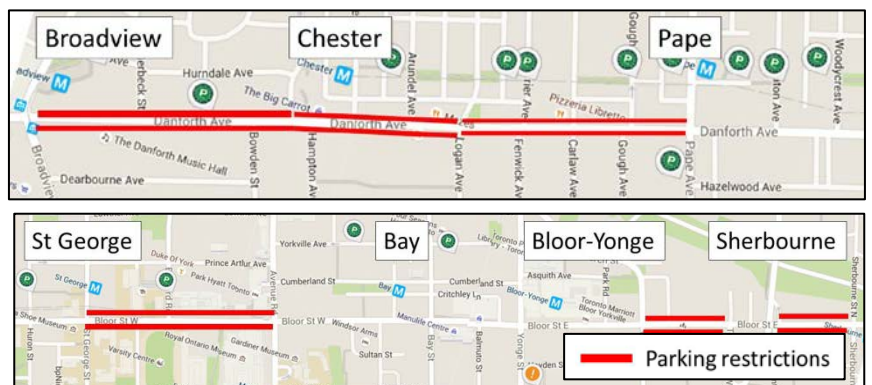

#### Parking restrictions will be in effect between 3:30 a.m. Saturday to 12:01 a.m. Monday:

##### Both sides of Danforth Avenue between:

- Pape to Broadview avenues

##### Both sides of Bloor Street between:

- St George Street to Avenue Road
- Church Street to Ted Rogers Way
- Huntley to Sherbourne streets

#### Transit service - shuttle buses

All subway trains will turn back eastbound at Pape Station and westbound at St George Station.

During this closure, approximately 40 shuttle buses will run on Bloor Street and Danforth Avenue between the two stations, stopping at each major station intersection. Chester Station will be closed.

PRESTO may not be available on all shuttle buses. PRESTO card users should carry tokens or exact cash in case the bus that arrives does not have PRESTO.

For customers requiring a station with an elevator, Wheel-Trans buses will operate between Pape and St George stations upon request. Customers can request the Wheel-Trans bus by speaking with a Supervisor at these stations.

*Thank you for your patience as we work to improve transit in Toronto.*
