

Line 2 closed – Pape to St George stations

Date: December 3 and 4, 2016

Timeline/content accurate at time of printing

Work description and purpose

On the weekend of December 3 and 4, there will be no subway service on Line 2 between Pape and St George stations as the TTC performs state of good repair and maintenance work.

Shuttle buses will operate between Pape and St George stations during the closure. Regular subway service resumes on Monday, December 5 at 6 a.m. This is the final scheduled subway closure between these two stations in 2016.

Minor parking restrictions on Danforth Avenue over the weekend

During this weekend subway closure, TTC in coordination with City Transportation will be temporarily restricting on-street parking at **bus stop locations only** on Danforth Avenue to keep transit moving efficiently – see map below.

Parking restrictions will be in effect between 3:30 a.m. Saturday to 12:01 a.m. Monday:

North side of Danforth Avenue

- East of Broadview Avenue for approximately two bus lengths
- East of Chester Avenue for approximately two bus lengths

South side of Danforth Avenue

- Both west and east of Broadview Avenue for approximately two bus lengths
- West of Chester Avenue for approximately two bus lengths

Transit service - shuttle buses

All westbound subway trains will turn back east at Pape Station and all eastbound subway trains will turn back west at St George Station. During this closure, shuttle buses will run on Bloor Street and Danforth Avenue between the two stations, stopping at the intersection of each subway station along the route.

PRESTO is not yet available on all shuttle buses. Customers should carry tokens, tickets or cash in case the vehicle that arrives is not yet PRESTO-equipped.

Wheel-Trans buses will be available for customers requiring accessible transit. Customers can speak with any TTC staff member to request the service.

Thank you for your patience as we work to improve transit in Toronto.
